

Brenda Carter - Kitchen Thyme

Discover Kitchen Thyme and leave the shopping, chopping and mopping to us!

Born and raised in Leesburg, Brenda Carter, the kitchen's co-owner, knows how hectic this modern world can be. "Who has the time and energy to create a menu and shop for the ingredients, much less prepare them?"

Brenda's daughters, who include Jennifer Workinger, Jessica Piermatteo and Amanda Eshbaugh, are also co-owners of the kitchen. "My daughters are so innovative and up with the times. This has been a life-saver for their families and their new babies," Brenda said.

Kitchen Thyme seems to be the solution to limited time, energy and creativity. The meal preparation system takes away the hassle and restores the enjoyment to creating superb and varied meals, for your family or just to pamper yourself.

"We organize delicious and balanced menus and shop for all the ingredients. We do all the washing, peeling, dicing and mess-making here in our commercial-grade kitchen – your only responsibility is to come in and have fun." Kitchen Thyme is the place where you assemble the meals, adding your own special touches, while you chat with friends, meet new people, listen to music, laugh, and spill crumbs on our counters and floors, not yours.

"In only two fun-filled hours, you can assemble up to a month's worth of meals. Best of all, it costs no more than what you now spend on groceries alone! We offer sides like green bean almondine, squash, snow pea sauté, sweet potato soufflé and garlic mashed potatoes to name a few and delicious desserts such as cobblers, decadence pie, peanut butter pie and more."

You can reach Kitchen Thyme at 352-504-0005 for more information. The business is located across from Lake Square Mall near Rooms to Go.

SAVING YOU TIME IN THE KITCHEN

Gerri Rosenthal

Gerri Rosenthal of Beacon Real Estate & Associates has been in business for 25 years believing that there is more to showing a home or a business than just bringing someone to the property. "You have to be able to show the buyers the potential in the purchase they are considering. Giving choices to assist them with getting inspections, home warranties & selection of mortgage programs available. My associates enjoy working with first time home buyers and helping them through the buying process."

She credits her husband for jump starting her years at Beacon Real Estate and Association Inc. "I started out in General Home Sales while my children were in school and moved on to Real Estate at the suggestion of my husband. He felt I could do more by helping others in finding a home rather than in just accessorizing it. I am a people person and enjoy meeting people and helping others."

Gerri considers her business to be a one-stop office. "General Real Estate gives my associates an opportunity of working with those looking to find the "American Dream" of home ownership. They also are qualified to work on commercial deals as well as handling the details involved in vacant land. As a Licensed Mortgage Broker as well as a Real Estate Broker, I can answer questions of buyers in all aspects of their purchase. "I am licensed by the Division of Motor Vehicles as a mobile home dealer to handle properties in rental parks. I assist my associates in giving them the tools they need and am always available by e-mail or phone when I am out of the office. I also do work as a Loan Mitigation Counselor."

Other affiliations with professional/business organizations include: Member of the National Association of Realtors, Florida Association of Realtors, Greater Lake County Association of Realtors, Mid Florida Regional MLS, REO Broker, National Real Estate Brokers Association, Florida Mortgage Brokers Assn., and she is an Accredited Buyers Representative, and a multi-million dollar producer.
